

Dulles Corridor Enterprise Financial Update

Dulles Corridor Advisory Committee Meeting

June 20, 2013

Discussion Outline

Finance Plan for the Metrorail Project

- Key Accomplishments
- Adjustments to Phase 2 capital cost estimates
- Allocation of Capital Costs
- Status of TIFIA Credit Assessment

Dulles Toll Road Update

- Toll Rate Adjustments
- Monthly Revenues
- Monthly Transactions

Airports Authority and Funding Partners have successfully executed the Plan of Finance

- The Airports Authority issued a total of \$1.3 billion of Dulles Toll Road revenue bonds in 2009 and 2010 and established a \$300 million commercial paper program.
- All Commonwealth of Virginia funding for Phase 1 has been received.
- A funding agreement for an additional \$150 million from the Commonwealth was executed in 2012.
- Another \$300 million of funding for Phase 2 has been approved in "Virginia's Road to the Future" transportation funding legislation (HB 2313).
- Fairfax County has committed a total of \$400 million for Phase 1 from special tax collections and proceeds of Transportation Improvement District Revenue Bonds.
- Approximately \$702 of the \$900 million of federal transit funding for Phase 1 has been appropriated by Congress. The Airports Authority has securitized most of the remaining receipts by issuing Full Funding Grant Agreement Notes.
- TIFIA Letter of Interest was jointly submitted by Fairfax, Loudoun, and MWAA

⁽¹⁾ May 2013 project cost estimates with Package A savings and cost of Route 28 Station allocated among partners. Phase 2 Parking Garages are assumed to be funded by the Counties.

⁽²⁾ Does not include \$150 million of Commonwealth funds that will be used to pay interest on Dulles Toll Road revenue bonds.

⁽³⁾ Totals may not add up due to rounding.

Staff and advisors for the Airports Authority, Fairfax County, and Loudoun County are assisting USDOT and its advisors with the due diligence phase of the TIFIA Letter of Interest review process.

The next stage in the process, assuming the credit review is positive, is submission of a TIFIA application (by invitation only) and negotiation of the terms and conditions for the proposed TIFIA loans.

It is possible that a TIFIA announcement could occur later this year.

Recommendations from the Dulles Corridor Advisory Committee

On October 5, 2012, the Committee voted to recommend the following:

- Implement the toll increase effective January 1, 2013 as proposed.
- Implement Option A of the proposed toll rate increases effective January 1, 2014.
- Implement Option B of the proposed toll rate increases effective January 1, 2015. (However, for 2015, consider a possible third option that would increase the Main Plaza toll by an additional \$.25 and decrease the Ramp toll by \$.25.

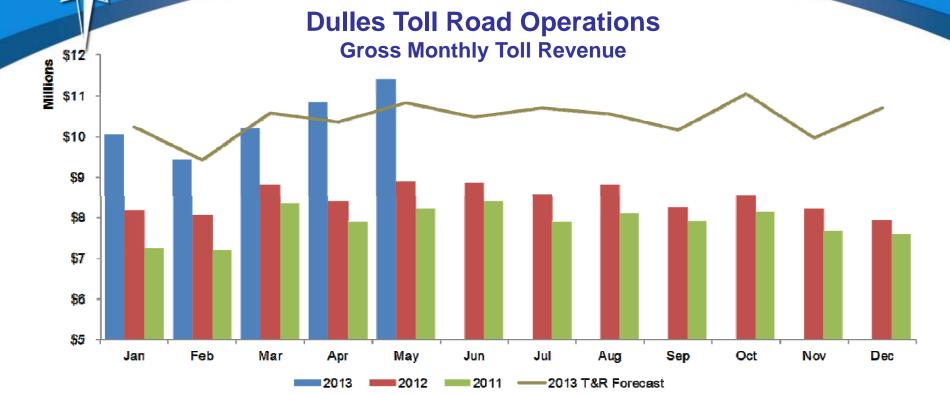

Final Decision on Toll Rate Adjustments

On November 14, 2012, the Airports Authority Board of Directors voted to:

- Implement the toll increase effective January 1, 2013 as proposed, consistent with the advice of the Dulles Corridor Advisory Committee.
- Implement Option A of the proposed toll rate increases effective
 January 1, 2014, also consistent with the advice of the Dulles Corridor
 Advisory Committee.

With respect to toll rates for 2015, the Board of Directors deferred a decision to provide time to refine assumptions on project costs, funding and financing.
